REGISTRAR'S MESSAGE

Education provides a key factor for the all-round growth of human society. However, for our country it's of much more relevance if we are to capitalize on favorable demography, as dividend will be fully realized, only if we can create gainful knowledge for this working-age population. YBN University nestled in picturesque Chota Nagpur plateau is a fast growing young university of Jharkhand with a wide range of courses and state-of-the-art campus. We are committed to provide quality education to young formative mind with emphasis to nurture their mind so as to enable them to think critically, developing interdisciplinary collaborative skills with hands on engagement, with faculty and visiting eminent personalities, as a team work in a true Team YBN University spirit. Our strategy is governed by 4 major goals, excellent teaching, students' satisfaction, outstanding research and social responsibility. Thus our academic curriculum is designed to ensure continued teaching, learning, research and innovation. Accordingly, we have established collaborative partnership with business, government, and other research institutions. Our endeavor and my personal commitment are to help our students to generate innovative ideas, knowledge and skills requisite for social benefits. This will ensure that they are not only good at academics, successful employable graduates and successful entrepreneurs, but also become responsible citizens with high ethics and social conduct.
